- (c) provide **us** with any information **we** reasonably ask as soon as possible. If **you** do not provide this information when asked to, **we** may delay or refuse to process **your** payments or block all access to **your Account**. **We** will not be responsible for any losses because of this;
- (d) ensure **you** keep **your Account** and **Security Information** secure as explained in Term 4 and 6.4.3;
- (e) only use **your Account** for personal use and not for any business purpose; and
- (f) review **your** statements regularly and let **us** know as soon as possible if **you** think there are any unusual or incorrect payments.
- (g) Fully cooperate with any investigations or procedures related to any claim you bring forward, including providing all relevant information and responding to requests for further documentation promptly.
- (h) Proactively notify our customer service team if you encounter any difficulties or challenges in managing your finances or require additional support in using our products and services.

2.13.2 **Your** responsibilities relating to tax

- (a) **You** have certain responsibilities related to tax including, for example, filing returns, paying taxes and following any other

applicable laws and regulations. **Your** responsibilities depend on a range of factors, including where **you** live. It is **your** responsibility to make sure **you** follow the tax rules which apply to **you**. **We** cannot provide any tax advice to **you**.

- (b) **We** may be required to withhold certain funds from **your Account** and pay these to the relevant tax authorities in certain circumstances. **We** will let **you** know if **we** are required to do this, unless **we** are not allowed to inform you for legal or regulatory reasons

2.14 Reclaiming costs from **you** and reimbursing **our** costs

- 2.14.1 If **you** break the **Agreement** and it creates costs for **us**, **we** can claim reasonable costs from **you**. This could include legal costs, the costs of tracing **you** and taking steps to deal with the issue and enforcing the payment of any money **you** owe **us** whether in the **UK** or elsewhere. It could include charges for **our** services **you** have not paid. **We** will also charge **you** for any reasonable costs for communicating with **you** about what has happened.
- 2.14.2 If **we** receive a court order or other legal documents relating to **your Account**, **we** will ask **you** to pay any administration costs that **we** reasonably incur to comply with that court order or legal document. **We** will inform **you** of these costs before charging **you**.

2.15 If **you** owe **us** money

- 2.15.1 If **you** owe **us** money (for example, due to insufficient funds in your account to cover fees, charges or transactions) and **you** do not pay it on time, **we** may take this money from any **Account you** hold with **us** to reduce the amount **you** owe **us**. This is called **our** 'right of set-off.' **We** will inform **you** in writing at least 14 days before **we** use **our** right of set-off. **We** will only use this right where **we** consider it reasonable to do so and if the law allows **us** to.
- 2.15.2 Where the **Account** is in **your** name only, **our** right of set off allows **us** to take money in **your Account** to pay a debt only **you** owe or to pay a debt that **you** and someone else owes **us** together.
- 2.15.3 Where the **Account** is a joint **Account**, **our** right of set off allows **us** to take money in **your Account** to pay:
 - (a) a debt owed to **us** by one or more of the **Account** holders;
 - (b) a debt owed to **us** by one or more of the **Account** holders and someone else together.
- 2.15.4 If **you** owe **us** money for more than 30 days, **we** may report this to the credit reference agencies. This may affect **your** credit score and **your** ability to borrow money.
- 2.15.5 If **we** take money from an **Account** that is in a different currency to the amount **you** owe **us**, **we** can convert the money **you** owe **us** using our

exchange rate published on **Digital Banking** on the date **we** take the money.

- 2.15.6 Where we provide you with foreign exchange conversion services, please refer to section 3.6 (Foreign Exchange) and our websites FAQ section for more information.

2.16 When **we** can refuse to make or receive a payment

We can refuse to make a payment from **your Account** or receive money into **your Account** if:

- 2.16.1 **we** need to conduct additional security or identity checks, such as confirming that **we** are dealing with the right person;
- 2.16.2 **we** believe the payment may carry a high risk to you and we require further information or evidence to verify the legitimacy of the payment purpose or recipient;
- 2.16.3 **you** do not have enough money in **your Account** to make the payment and any fees that **we** will charge on the payment;
- 2.16.4 the law or regulation requires **us** to;
- 2.16.5 **we** need to protect **you** or **your Account** from fraud;
- 2.16.6 making or receiving the payment would cause **us** to break any law or regulation;
- 2.16.7 **we** reasonably believe that someone else has rights to the money in **your Account**;
- 2.16.8 the payment is over a limit that **we** inform **you** of
- 2.16.9 the transaction seems unusual, and **we** want to investigate this further;
- 2.16.10 **you** have given **us** incorrect, unclear or ambiguous details for a payment;
- 2.16.11 **you** have not given **us** additional information about the payment that **we** have reasonably asked for, or the information **you** have given is not satisfactory to **us**;
- 2.16.12 **you** have asked **us** to send a payment by a certain means (for example, by **CHAPS**) and the other financial institution does not accept it;
- 2.16.13 if **we** believe it is necessary to comply with law, regulation, market practice or internal policies related to sanctions, anti-money laundering, terrorist financing and/or tax compliance; or
- 2.16.14 making the payment could mean **we** face action or criticism from any government, regulator or law enforcement agency.

2.17 **Our** responsibility to **you**

- 2.17.1 If **you** have any loss or damage that arises directly out of something that **we** have or have not done, **you** may be able to claim this loss back from

us. However, **you** will not be able to claim any loss or damage back from **us** if:

- (a) **you** have acted fraudulently or with gross negligence;
- (b) **you** have broken the **Agreement**;
- (c) **we** have not been able to follow the **Agreement** because of the law;
- (d) abnormal or unforeseeable circumstances beyond **our** control means **we** were not able to follow the **Agreement** despite **our** best efforts to do so. For example, a strike, hardware breakdown or a problem with a payment system;
- (e) **we** have not followed an instruction from **you** for a permitted reason **we** give in the **Agreement**;
- (f) any equipment, software or user documentation which someone other than **us** produces for use with **Digital Banking** causes loss or damage to **you**;
- (g) any service **you** use to access **Digital Banking** or which **you** access through digital banking which **we** do not control causes loss or damage to **you**;
- (h) **you** use **Digital Banking** outside of the **UK** and this does not comply with any local laws;
- (i) **you** have given **us** wrong, insufficient or inaccurate information such as the wrong account number or not updating **us** about a change in **your** contact details.

2.17.2 The above exceptions will not apply and nothing in the **Agreement** will stop **us** from being responsible if **we**:

- (a) act fraudulently;
- (b) act with gross negligence; or
- (c) are at fault and the law does not allow **us** to exclude or limit **our** responsibility.

2.18 Use of **your** personal information and confidentiality

2.18.1 **You** have certain rights when it comes to **your** personal information including the right to access **your** data. **Our Privacy Policy** explains how **we** manage and use **your** personal information.

2.18.2 The personal information we have collected from you will be shared with fraud prevention agencies. It is used to verify your identity and to prevent fraud and money laundering. If fraud is detected, you could be refused certain services, finance or employment. Further details of how your information will be used by us and these fraud prevention agencies, and your data protection rights, can be found by the following link <https://www.cifas.org.uk/fpn>.

2.18.3 You have a legal right to know the details of the credit reference and fraud prevention agencies we use. Please contact us via the Help and Support section in the App or email us at clienthelp@ifastgb.com. The following link may also be helpful: <https://www.cifas.org.uk/fpn>.

2.18.4 **We** treat any information **you** give **us** as confidential. However, **we** may share or disclose **your** information with others including:

- (a) with **iFAST Affiliates** so **we** can provide **your Account** and services to **you**;
- (b) where **we** are required to by law or regulation;
- (c) where **we** have a statutory duty to do so. For example, **we** may have to share **your** information with tax authorities in the **UK** and other countries;
- (d) if **you** agree that **we** may share the information; and
- (e) where **we** reasonably consider that **we** need to disclose the information to protect ourselves or are required to provide such information, such as in a court case.

2.19 Fees and charges

2.19.1 **You** can find details of **our** fees and charges in relation to the services that **we** provide **you** on **your Account** in the **Fee Information Document**, in the **App** and **Online Banking**.

2.19.2 **You** authorise **us** to deduct any fees or charges set out in the **Fee Information Document** which are due and payable to **us** by **you** from any of **your Account(s)**. Fees and charges will in the first instance be deducted from **your** personal bank account.

2.19.3 Other taxes or costs may apply to **you** that **we** do not charge and/or are not paid through **us**.

2.20 Joint **Account**

2.20.1 A joint **Account** is where two or more people hold the same **Account**. If **you** have a joint **Account** with **us**, **our Agreement** is with all the **Account** holders and **your** responsibility under these **Terms** is joint and several. This means that **you** and any joint **Account** holder(s) are liable together, but also individually for all money due.

2.20.2 Any joint **Account** holder can use the **Account**. For example, one joint **Account** holder could make payments using **Digital Banking** or close the **Account** without the other joint **Account** holder's permission.

2.20.3 If **we** become aware that there is a dispute between the joint **Account** holders, **we** may suspend **your Account** or stop acting on **your** requests until the disagreement has ended.

- 2.20.4 **We** will normally send information about the joint **Account** to the contact information of the first named person on the **Account** unless the law requires **us** to send the information to all the joint **Account** holders. **You** can ask **us** to change the person who receives the information.
- 2.20.5 If one of the joint **Account** holders dies, the other joint **Account** holders will be able to continue to use the **Account**. **We** can transfer the **Account** to the name of the other **Account** holder(s) if **you** provide **us** with a certified copy of a death certificate.
- 2.21 Death or incapacity
- 2.21.1 If **we** become aware that **you** have died or become incapacitated, **we** may:
- (a) close **your Account** and terminate this **Agreement** on notice with immediate effect; or
 - (b) suspend **your Account** until **your** properly appointed personal representative(s) or attorney instructs **us**.
- 2.21.2 If **we** become aware of **your** death, **we** will ask for a certified copy of **your** death certificate.
- 2.21.3 Where **we** become aware that **you** have become incapacitated, **we** will ask **you** for evidence that **your** attorney has authority to provide instructions to **us** regarding **your Account**.

- 2.22.1 If **you** have a complaint in respect of **our** services, **you** can contact **our** customer services team at clienthelp@ifastgb.com.
- 2.22.2 If **you** are not satisfied with how **we** have dealt with **your** complaint, **you** may be able to complain to the **UK** Financial Ombudsman Service, which is an independent organisation set up to help settle disputes between financial institutions and their customers.
- 2.22.3 **You** may contact the Financial Ombudsman Service by:
- (a) post at Financial Ombudsman Service, Exchange Tower, London E14 9SR;

- 2.22.5 We reserve the right to fully investigate any claim for reimbursement that you bring forward. This may involve reviewing transaction histories, communication records, and any other relevant documentation. You agree to assist in this investigation as necessary.

- 2.22.6 We reserve the right to seek all legal avenues available if a false claim is brought forward. This includes, but is not limited to, pursuing legal action for fraud, misrepresentation, or any other applicable legal claim.

2.23 How the **FSCS** protects **your** money

- 2.23.1 **We** are covered by the **FSCS**, the **UK's** deposit guarantee scheme. The **FSCS** can pay compensation to eligible depositors if a financial institution is unable to meet its financial obligations, up to a total of £120,000.
- 2.23.2 The '**FSCS** Information Sheet' contains more information on the **FSCS** and eligible depositor protection and is available on **Digital Banking** and **our** website (www.ifastgb.com). **You** can also ask **us** for a copy of the '**FSCS** Information Sheet' in paper.
- 2.23.3 For more information on the scope of **FSCS** protection (including the current limits, amounts covered and eligibility to claim), **you** can also visit the **FSCS** website www.fscs.org.uk or call the **FSCS** on 020 7741 4100 or 0800 678 1100.

2.24 Language

We will only write to **you** and communicate with **you** in English. However, certain information on our website or app may be available in other languages. In the event of any conflict or inconsistency between the English version and any translated version, the English version shall prevail.

2.25 Enforcing the **Agreement**

We may choose not to enforce **our** rights under the **Agreement**. If **we** choose not to enforce the **Agreement** or delay enforcing it, this will not affect **our** rights under the **Agreement**, and **we** may choose to enforce later.

2.26 The law and courts that apply to **our** agreement

English law governs the **Agreement** and the relationship between **you** and **us** (including non- contractual claims or disputes). If **you** bring a claim against **us** in the courts, **you** must use the courts of England and Wales.

- 3.1.2 **You** can only access and operate **your** personal bank account via **Digital Banking**, which includes the **App**, **Debit Card** and **Online Banking**. This means that **you** will only be able to make and, other than via Debit Card, receive payments from **your** personal bank account using **Digital Banking** and will not have access to any physical branches or telephone banking facilities. Further information about **Digital Banking** is in Term 5.

- 3.1.3 We provide you with a Debit Card for making payments and cash withdrawals at ATMs.

- 3.3 Receiving money into **your** personal bank account
- 3.3.1 **You** can receive money into **your** personal bank account by:
- (a) **Faster Payments, CHAPS, Bacs, and SWIFT and SEPA**; and
 - (b) transferring money from **your iFAST Cash Account**, as explained in Term 3.2.
- 3.3.2 **You** can only receive money into **your** personal bank account in the currencies that **we** cover (British Pounds, Hong Kong Dollars, US Dollars, Euro, Singapore Dollars, Chinese Yuan, Japanese Yen, Swiss Franc and United Arab Emirates Dirham). If someone sends **you** money in another currency, **we** may return the payment to that person.
- 3.3.3 **We** do not charge **you** for receiving money into **your** personal bank account. However, the sender's financial institution may charge a fee for processing the payment and they may deduct this from the total amount **you** receive. This means that **you** could receive less money than the sender sent.
- 3.3.4 When the money is available for use and for counting interest
- (a) If **you** receive money into **your** personal bank account, you will be able to use it as soon as it is credited as available balance.

If the money is received and credited before 12pm (UK time), it will count towards working out interest from that day, including funds received from another **Account** held with **us** or from an **iFAST Cash Account**. If the money is received and credited at or after 12pm, it will be available for use immediately, and interest calculation will start from the next day.
 - (b) In all other situations, when **you** will be able to use the money and when it will count for working out interest will depend on the time **we** receive and credit the money.

- 3.3.5 You may receive incoming payments via **Direct Credit**, subject to the rules applicable to the relevant scheme. If your account is unable to accept incoming credit on the value date of the payment, the Direct Credit payment will be automatically rejected and returned to the merchant / payer.
 - 3.3.6 You may receive a **Direct Credit** one business day earlier than the scheduled payment date by opting into the **Early Salary Credit** feature via the App or Online Banking. However, we reserve the right to recover any advanced amount if the payment from the payer does not arrive for any reason.
 - 3.3.7 If you change your mind and wish to opt out of the **Early Salary Credit** feature, you may do so at any time via our App, Online Banking, or by contacting our customer service team.
 - 3.3.8 Additional security checks

We may need to carry out additional security checks when **you** receive a payment. If **we** conduct additional checks on payments, this may increase the time it takes for the money to reach **you**. **We** will not allow for the payment to reach you until **we** have completed these checks.
- 3.4 Paying money out of **your** personal bank account
- 3.4.1 **You** can only make payments out of **your** personal bank account by using the payment tools in **Digital Banking** (not via secure messaging). **You** cannot make payments from **your** personal bank account by telephone.
 - 3.4.2 **You** can make a payment using **CHAPS** if **you** are sending money in British Pounds to someone who has an account in the **UK**. **You** must provide **us** with the bank identifier code (BIC), sort code, name of the person **you** are sending money to, their account number and the amount **you** wish to send.
 - 3.4.3 **You** can make a payment using **SWIFT** and/or **EzRemit** if **you** are sending money to someone who has an account outside the **UK** or if **you** are sending money in a currency other than British Pounds to someone who has an account in the **UK**. **You** must provide **us** with the name and address of the person **you** are sending money to, the name of the financial institution that **you** are sending the money to, the **SWIFT** code or bank identifier code (BIC), the person's International Bank Account Number (IBAN) and the amount and currency **you** wish to send. **We** may also ask **you** for additional information, depending on the country **you** are sending the money to.
 - 3.4.4 **You** can make a payment via **EzWallet** to fund **your** e-wallets operated by third party providers which **we** collaborate with in various countries. Such payments may be subject to payment limits imposed by the e-wallets providers. **You** must provide us with the name, the contact number the nationality, the relationship with you and the e-wallet details of the person you are sending money to. **We** may also ask **you** for additional information, depending on the country **you** are sending the money to. For more information on EzWallet, please refer to the FAQs at www.ifastgb.com.

- 3.4.5 **You** can make a payment using SEPA, via SEPA Credit Transfer (SCT) and/or SEPA Instant Credit Transfer (SCT Inst) if you are sending money in Euro to someone who has an account in the UK or other SEPA-supported countries/regions. **You** must provide **us** with the name of the person **you** are sending money to, the person's address and International Bank Account Number (IBAN), the bank identifier code (BIC) and the amount **you** wish to send.
- 3.4.6 **You** can make a payment from **your** personal bank account to **your iFAST Cash Account** if **you** have provided **us** with consent to link **your** personal bank account and **your iFAST Cash Account**. **Digital Banking** has more information on how **you** can link **your iFAST Cash Account**.
- 3.4.7 **You** can make a payment using your Debit Card to make purchases at merchants or online. Additionally, you may make a payment **via Worldwide Scan & Pay** at merchants physically located in its supported countries or regions.
- 3.4.8 A Direct Debit may only be collected where **you** have provided a valid Direct Debit Instruction ("DDI") to the merchant or service provider. **You** are responsible for ensuring that all information provided in the DDI is complete and accurate.
- 3.4.9 **You** may submit a DDI with your merchant or service provider either electronically through the Automated Direct Debit Instruction Service (AUDDIS) or by paper Direct Debit forms.
- 3.4.10 All DDIs submitted through the Automated Direct Debit Instructions Services (AUDDIS) channel is automatically processed and do not require **your** approval. **You** will be notified when a DDI is assigned to **your** account. **You** may cancel the DDI at any time through **our** App, Online Banking, or by contacting **our** customer service team.
- 3.4.11 DDIs submitted to **us** in paper form must be approved electronically through our online banking channel within 10 days of receipt. If **you** do not provide an approval decision within this timeframe, the DDI will be automatically rejected, and no Direct Debit collections will be permitted under that instruction.
- 3.4.12 If **we** can't make a **Direct Debit** because there isn't enough money in **your iFAST Cash Account**, **we'll** remind **you** to top up **your** account before **2:00 p.m. (UK Time)** so that **we** can try again later the same day. If there still isn't enough money in the account when **we** try again, **we** won't be able to make the payment.
- 3.4.13 If a Direct Debit is taken from **your account** in error or without **your authorisation**, you are protected under the **Direct Debit Guarantee Scheme**. This guarantee entitles you to a full and immediate refund of the incorrect payment. **You** may request a refund through the App, Online Banking, or by contacting the customer service team. In certain cases, you may be required to provide evidence to support your claim. If your refund claim is not successful or is found to be invalid, we reserve the right to automatically recover the payment from **your** account.

- 3.4.14 **You** can change or cancel a direct debit at any time. **You** should also tell the organisation or company that collects the payment so they can cancel or change it (and any future dated payments) as well. If the cancellation occurs after payment has been collected, you may raise a claim via the App or Online Banking to request for a refund.
- 3.4.15 If a DDI remains inactive and no Direct Debit payment has been collected for a consecutive period of 24 months, it will automatically expire. Once expired, no payments can be collected under that DDI, and **you** will need to set up a new DDI to resume payments.
- 3.4.16 **You** may request to reactivate a cancelled DDI by contacting our customer service team. A cancelled DDI can only be reactivated under the following conditions:
- (a) The original cancellation was initiated by **you** and not by the service provider or merchant; and
 - (b) The reactivation request is made within 60 calendar days from the date of cancellation.
- 3.4.17 Cut-off times
- (a) **Our** cut-off time for all payments is 3pm (**UK** time) on a **Business Day**. This is the latest time **we** process payments instructions. If **you** send a payment request after 1 or on a day that is not a **Business Day**, **we** will treat **your** payment request as received on the next **Business Day**. **We** only make payments on **Business Days**. Payments may take 5 business days to process.
- 3.4.18 Additional security checks

We may need to carry out additional security checks when **you** request a payment. If **we** conduct additional checks on payments, this may increase the time it takes for the money to reach the recipient. **We** will not make the payment until **we** have completed these checks.

As part of our security checks, for payments made in GBP within the UK, we reserve the right to initiate Test Payments at our discretion. This measure is implemented to ensure the security and integrity of all transactions processed through your account. During this process, we will require that you send a small part of the full payment to the recipient. This will then enter you into a cooling-off period wherein you will be able to verify the authenticity of the payee and consider whether this may be a scam. Once you confirm this payment verification, you will be able to proceed with releasing the full payment.

It is important that you exercise caution, responsibility, and due diligence before releasing both the smaller Test Payment and the remaining amount.

You should ensure that releasing the payment will not result in foreseeable harm or loss to you. The payment may be delayed or rejected in accordance with Clause 2.16.2.

For your further security, payments are subject to daily payment limits that may be adjusted based on your account and transactional behaviour.

3.4.19 Fees and charges on making payments

- (a) **We** charge fees for making certain payments, which are set out in the **Fee Information Document**. **You** can download the **Fee Information Document** from **Digital Banking**.
- (b) In addition, international payments may pass through one or more financial institutions on its way to the recipient's account, who may apply their own charges before the money reaches the recipient. This could mean that the money the recipient receives is less than the amount **you** have sent.

3.4.20 Cancelling and changing payments

- (a) **You** cannot generally cancel or change payments that **you** make. If **you** ask **us** to cancel or change a payment, **we** will try **our** best to do so. We will charge **you** a fee of £25 for each payment **we** successfully cancel.

3.5 Refunds of payments

3.5.1 Where a payment is returned or refunded, the currency and method of refund will depend on the original payment channel used:

- (a) Refunds for payments made through EzRemit will be credited in the same currency originally sent prior to any conversion. The refunded amount will be based on **our** prevailing exchange rates on the date the returned funds are received.
- (b) Refunds for payments made via SWIFT or other telegraphic transfer methods will be credited in the converted currency applied at the time of the original payment.
- (c) Refunds for SEPA payments will be credited in the same currency in which the original payment was sent. No foreign exchange or transaction fees will apply.

3.5.2 If the refund currency is no longer supported or is unavailable, **we** may, at our sole discretion, process the refund in either the original currency sent or the converted currency, using the prevailing exchange rates on the date the refund is processed.

3.5.3 The refunded amount may differ from the original payment due to changes in exchange rates, conversion differences, or fees charged by intermediary or correspondent banks involved in the process.

3.6 Foreign Exchange

3.6.1 **We** will not convert money **we** receive into **your** personal bank account into a different currency if the money is in a currency that **we** cover. For

example, if **you** receive US Dollars, it will remain in US Dollars in **your** personal bank account unless **you** convert it to a different currency that **we** cover.

3.6.2 **You** can convert the money in **your** personal bank account to another currency that **we** cover. For example, if **you** have Hong Kong Dollars in **your** personal bank account, **you** can convert it to Singapore Dollars.

3.6.3 The exchange rates available in Digital Banking are iFAST exchange rates used for foreign exchange transactions. These rates may differ from publicly available interbank or market reference rates. The difference (commonly known as the “spread”) forms part of **our** FX pricing and may include a margin to reflect market conditions, liquidity and the costs of providing the service. Note that **we** can change these exchange rates at any time without giving you notice.

3.6.4 Before **you** convert money, Digital Banking will usually show you an indicative iFAST exchange rate. The final exchange rate will be determined when the transaction is executed. Because exchange rates can change between the time the indicative rate is shown and the time the transaction is processed, the final exchange rate may differ from the indicative exchange rate shown earlier. This means **you** may receive slightly more or less than the amount previously indicated.

3.6.5 In other situations, such as card purchases requiring real-time currency conversion, it may not be possible to show you an indicative exchange rate before the transaction is completed. In these cases, **you** will be able to view the actual exchange rate used in Digital Banking after the transaction has been processed.

3.6.6 However, in the event that there is not enough balance in **your** chosen currency when making a payment, we may automatically try the next available currency in your account that has sufficient funds to cover the payment. Please refer to **our** website’s FAQ section for updated information.

3.7 Information **we** will provide **you** with

3.7.1 Unless **you** have chosen differently, **we** will provide **you** with monthly PDF statements on **your** personal bank account through **Digital Banking**. Please review **your** statements regularly and let **us** know as soon as possible if **you** think there are any unusual or incorrect payments on **your** personal bank account.

3.8 What happens if something goes wrong

3.8.1 If **we** make a mistake on a payment

(a) Please let **us** know as soon as possible and within 13 months of the payment date if **we** make a mistake in making a payment. For example, if **we** do not make a payment **you** asked **us** to or send the wrong amount of money.

- (b) Subject to (c) and (d) below, if **we** make a mistake:
 - (i) **we** will usually refund the money to **you** and pay **you** any interest that **we** should have paid so **you** are back in the position **you** would have been in if **we** had made the payment correctly; and
 - (ii) if **we** are late in making a payment to a financial institution in the **UK** or the **EEA**, **you** can ask **us** to contact the financial institution to make up any interest the recipient has lost.
- (c) **We** will not refund **you** or be responsible to **you** if:
 - (i) **we** can prove that recipient's financial institution received the payment; or
 - (ii) **you** inform **us** of the mistake more than 13 months after the payment date; or
 - (iii) You are found grossly negligent or participated in first party fraud in relation to the payment.
- (d) **We** can take back refunds **we** have made to **you** if **we** prove that the recipient's financial institution received the payment. **We** will give **you** reasonable notice before **we** do so.

3.8.2 If **you** give **us** incorrect account details

- (a) It is important that **you** give **us** correct account details to make a payment. **You** are responsible if **you** give **us** wrong instructions or if **you** tell **us** to make the same payment more than once.
- (b) **We** will do all **we** can to try to help **you** get the money back, but this is not always possible. **We** will charge **you** a fee of £25 if **we** are successful in getting **your** payment back.
- (c) If **we** are not able to get the money back, **you** can write to **us** by email to ask **us** to give **you** all the information the financial institution that received the payment has given **us**.

3.8.3 If a fraudster tricks **you**

- (a) Fraudsters may try to trick **you** into sending money into a wrong account or sending money for a reason that **you** thought was legitimate but was fraudulent. If a fraudster tricks **you** into sending money to a different account or for a fraudulent reason, please let **us** know as soon as possible.
- (b) **you** must file a claim with us as soon as you become aware of the fraudulent transaction. This claim should include all relevant details and any supporting documentation **you** may have.
- (c) **you** must be honest and transparent in all communications and in the information, you provide to us. Providing false, misleading, or incomplete information, or engaging in any form of deliberate

dishonesty that obstructs our investigation, may result in legal action against **you**. This includes potential liability for any financial or reputational losses **we** incur as a result of a false claim.

- (d) Where possible, **you** are required to provide a police report in connection with any Authorised Push Payment (APP) fraud claim you bring forward for reimbursement. This report is a crucial part of our investigation process and may be required to validate your claim.
- (e) Upon receiving your claim, we will conduct a thorough investigation into the fraudulent transaction. This investigation may include reviewing transaction histories, communication records, and any other relevant documentation.
- (f) After our investigation is complete, **we** will decide whether to reimburse the funds lost due to the fraudulent activity. **We** will notify you of our decision and any further steps that may be required. Please note that reimbursement is not guaranteed and will depend on the findings of our investigation.

3.8.4 If someone has made a payment from **your** personal bank account without **your** permission

- (a) If **you** think someone has made a payment from **your** personal bank account without **your** permission, including payments made by a **Third-Party Provider**, **you** must tell **us** as soon as possible and within 13 months of the payment date.
- (b) Whether or not **you** are entitled to a refund depends on the circumstances, as explained in the table below:

What has happened?	Will we refund you?
You have acted fraudulently. <i>For example, if you lie about not giving permission to a payment so you can get money refunded to you.</i>	No, we will not refund you in any circumstances.
If you have not been fraudulent but you have not complied with your obligations under these Terms intentionally or with gross negligence. <i>This would include, for example, knowingly giving your Security Information to others or not putting a security code or password on your Device.</i>	We will only refund you for payments made after the date on which you have informed us that you are concerned about the security of your personal bank account or your Device.

If you have not been fraudulent nor grossly negligent and you have made a payment to buy goods or services online (other than payments made for gambling, lottery or financial services)	We will refund you.
If you have not been fraudulent and we did not provide you with a way to notify us of your concern regarding the security of your personal bank account or Device .	We will refund you.
If you have not been fraudulent and we did not check that you authorised the payment in the way we are legally required to.	We will refund you.
In any other situation where someone takes a payment from your personal bank account without your permission.	We will refund you, but we may ask you to pay up to £35 where we felt you should have known that your Device had been lost, stolen or misappropriated
If you have not acted fraudulently or been grossly negligent in safeguarding your Debit card, PIN, or OTP used for Digital Wallet, and your Debit Card has been used for unauthorized payments	We will refund you This is subject to you reporting the unauthorized transaction without undue delay, and no later than 13 months from the transaction date. You may be liable for up to £35 for unauthorized transactions occurring before you report your card lost or stolen

- (c) Where **we** must refund **you**, **we** will usually refund **you** by the end of the **Business Day** after **you** have told **us** about the unauthorised payment. This includes refunding the payment amount, refunding any charges and interest **you** have paid, and paying **you** any interest that **we** would have paid **you**. However, it may take **us** longer than a **Business Day** to refund **you** if **we** reasonably suspect fraud.

3.8.5 If someone pays money into **your Account** by mistake or fraud

- (a) If another financial institution informs **us** that someone has made a payment into **your Account** by mistake or fraud, **we** can return the

same amount or put a hold on the money so **you** cannot use it. **We** do not have to tell **you** before **we** do this although **we** will let **you** know what has happened.

- (b) If **we** do not return the money which the payer's financial institution believes has been paid into **your Account** by mistake or fraud, **we** may be required to provide the financial institution with information about **you**, **your Account** and the payment so they can seek to recover the money.

3.10.3 Making payments using a **Third-Party Provider**

- (a) If **you** ask a **Third-Party Provider** to make a payment from **your** personal bank account, **we** will treat it as if it is a request from **you**. This means that **you** will be responsible for any payments made as a result.
- (b) Once a **Third-Party Provider** has initiated a payment, **you** cannot normally cancel it. **You** can cancel certain future payments.
- (c) **We** will not be responsible to **you** if **you** have asked a **Third-Party Provider** to make payments from **your** personal bank account and they do not do this.

- (c) Because exchange rates change over time, the amount that is returned to your account may be higher or lower than the amount originally taken from your account. This difference is caused only by changes in exchange rates and is not a fee or adjustment applied by us.
- (d) We are not responsible for any loss or gain caused by changes in exchange rates.

6.6 Worldwide Scan & Pay

6.6.1 Eligibility and Availability

- (a) All Account holders are eligible for **Worldwide Scan & Pay**. By default, **Worldwide Scan & Pay** allows you to make purchases at participating merchants in all supported countries or regions, unless we apply restrictions.
- (b) All payments are processed via the Alipay+ network or its affiliated national QR network, which may involve third-party service providers.
- (c) The **Worldwide Scan & Pay** Service is solely intended for QR code payments to participating merchants supported by the Alipay+ network and its affiliated QR payment networks. The service does not support, and must not be used for, peer-to-peer transfers or payments to individuals.
- (d) The acceptance and availability of the **Worldwide Scan & Pay** service are subject to applicable local regulatory approvals and the acceptance of participating merchants. For more information about the availability of Worldwide Scan & Pay, please check our website and the app.
- (e) By enabling location services under the **Worldwide Scan & Pay** feature, you acknowledge and agree that this action constitutes your deemed consent to the collection, use, and sharing of your location data with the Bank. If you do not wish to share your location data, you may disable location services at any time, which may limit the functionality of this feature.

6.6.2 Payment Method

- (a) **Worldwide Scan & Pay** supports both User Presented Mode and Merchant Presented Mode to facilitate your payments, subject to the availability of the merchant you are paying.
- (b) “User Presented Mode” means a payment method under Worldwide Scan & Pay where you initiate a transaction by displaying your payment code (such as a QR code or barcode) on your device for the merchant to scan in order to complete the payment.

Under User Presented Mode, you generate or display a payment code through your mobile app, which the merchant scans using their point-of-sale system. Once the code is successfully scanned and the transaction is authorised, the payment amount will be deducted from your Account.

- (c) “Merchant Presented Mode” means a payment method under Worldwide Scan & Pay where the merchant initiates the transaction by displaying a payment code (such as a QR code) for you to scan using your device in order to complete the payment.

Under Merchant Presented Mode, you use your mobile app to scan the merchant's displayed code, enter or confirm the payment amount where applicable, and authorise the transaction. Once successfully authorised, the payment will be deducted from your Account and transferred to the merchant.

6.6.3 Currency Conversion and Settlement

- (a) All transactions made through the **Worldwide Scan & Pay** are processed on a cross-currency basis. Accordingly, payments will not be settled in the currency presented by the merchant, but will instead be converted and debited in the available currency of your Multi-Currency Current Account.
- (b) By making a purchase through **Worldwide Scan & Pay**, you acknowledge and agree that the transaction amount will be converted using the applicable exchange rate at the time the transaction is processed. By authorising the payment, you are deemed to have accepted the exchange rate and the converted amount presented to you at the point of purchase.

6.6.4 Suspending or Blocking Your **Worldwide Scan & Pay**

- (a) We may suspend or block your **Worldwide Scan & Pay** access for the following reasons:
 - (i) Suspected unauthorised or fraudulent use; or
 - (ii) Compliance with any legal or regulatory obligations or any court orders.
- (b) We will inform you before doing so, or as soon as reasonably practicable afterward, provided this is legally permissible and does not compromise our security measures.

6.6.5 Spending Limits and Controls

- (a) We may apply spending limits to your **Worldwide Scan & Pay** function at our sole discretion.
- (b) The default payment limit will apply to each user unless you set your own limit. We may amend any payment limit at any time, such as when QR payment limits change at a regulatory level or for security reasons. We will try to notify you of any changes to limits, but there may be situations where prior notice is not possible.

6.6.6 Chargebacks

- (a) We will monitor the nature and number of chargebacks requested in connection with purchases or transactions made using your **Worldwide Scan & Pay**. - (b) If you later receive a refund or dispute, the refund will be returned to us from the merchant in the same currency you originally used for the purchase.
- (c) As exchange rates may fluctuate, the amount returned to your account may differ from the amount originally debited at the time of the transaction. This difference is caused only by changes in exchange rates and is not a fee or adjustment applied by us.
- (d) We are not responsible for any loss or gain caused by changes in exchange rates.
